ROYAL SWIMMING POOLS  
Hot Tubs, Saunas, Games and More

You work hard every day to create the life that you dream about. You know you need to balance work and play. Sometimes you just want one place to escape, to relax, to enjoy.

Sometimes you just need to find your oasis.

And, it's right there, right in your own backyard. With an in-ground swimming pool, from your back door you can step right into your own private paradise. Hasn't that always been a part of your dream?

Any day becomes an occasion, a special day, when you bring family and friends together for fun and excitement in your own backyard.

There are many health benefits to owning a pool such as exercise, stress relief, and relaxation. Pool ownership also adds beauty and value to your home.

At Royal Swimming Pools, we've designed thousands of dreams and millions of memories, unique to each owner, each family. Now it's your turn. Let us help you find your oasis.

# ROYAL OASIS

# Why an In-ground Pool?

The warmth and hospitality of your home extends into your backyard landscape with an in-ground pool. Your backyard offers ideal comfort, convenience, peace, privacy, and, with an in-ground pool, it is the perfect setting for any occasion: birthday, graduation, barbeque, or just a summer day.

A steel wall in-ground pool allows you to choose any shape, size, or depth. Designs can accommodate various water features, such as spas or waterfalls to coordinate with your backyard. You can truly plan a pool and recreation area to reflect your personality.

Royal Swimming Pool's pool panels are strong, durable, and backed by a lifetime warranty.

Why an In-ground Pool?

## Why a Vinyl Liner Pool?

The many advantages of vinyl liner make it one of the most popular choices for in-ground pools. With a great variety of liner designs, tile patterns, and colors, you can coordinate your pool's appearance with your backyard landscape.

The surface texture is smooth, non-slip, non-abrasive, and soft to the touch. It won't scratch skin, swimwear, pool floats or toys, making it safer and more fun for the whole family.

Initial costs are typically less than that of other options and the construction method allows for speedy installation.

The liner's easy-to-clean surface saves time and energy maintaining your pool. The vinyl is non-porous and is treated to be resistant to algae, mold, mildew and bacteria, requiring less chemical use and saving on annual upkeep and expenses.

# Why a Royal Swimming Pool?

We realize our customers are making a big investment when they decide to install a backyard pool. We do our utmost to insure that the end result is a beautiful and long-lasting swimming pool.

Your pool system is modular, meaning that each kit is comprised of different panels, which when bolted together give the builder and homeowner the desired shape and size, exactly to specifications.

We work with you and your builder every step of the way. We'll help you design the pool that best fits your needs to maximize enjoyment and increase the property value of your home.

When you choose a Royal Swimming Pools steel wall pool kit, you are buying the best pool available.

A Royal Swimming pool is, quite simply, built to last.

ROYAL OASIS

Pick Your Style

The formula is simple: Imagination and Engineering. What you can imagine is what we can create. There are no restrictions on designs. Now you can have any size and shape pool you desire.

Consider a few of the possibilities: you can create specific activity areas with peninsulas of decking, wading and swim zones for recreational swimming, and lap channels for exercise. You can even create an island in your pool.

## Custom Shapes

# Custom Entry Ideas

Create your own unique pool entrance. The selection of entry steps, benches, sundecks, or lounges can truly personalize your pool and whole recreation area.

Royal Swimming Pools offers over 150 standard steel step and bench models, available in any height and shape.

We also build new custom steps, benches, and spas every day. The first time a new model is made it is assembled in our shop to guarantee that all the pieces fit perfectly. This assures easy and accurate on-site installation - every time! All our steps are available with a liner track installation system for a perfect fit for the vinyl liner.

Royal Swimming Pools steps are unmatched for performance, function, and elegance. Make your entrance an experience.

# Thermoplastic Steps

Royal Swimming Pools offers over 20 thermoplastic step models as an option or addition to steel steps and benches. With a different aesthetic that can complement your design, thermoplastic in-ground steps also offer beauty, quality, and strength.

Our thermoplastic steps are designed for durability, manufactured with precision, and built for easy assembly. Special features include:

- All models are available in white thermoplastic. Some models are also available in blue granite and gray granite.

# Coping and Liner Track

Creating an elegant edge that defines the perimeter of the pool, our liner tracks and coping systems have been expertly designed to address the specific needs of pool construction.

Royal Swimming Pools uses only the finest quality materials for all its manufacturing. We supply the largest variety of aluminum coping and liner tracks to the swimming pool industry.

They are available in standard and custom-notched lengths for free-form pools and radius corners. Many unique features not found on other products make the process more efficient and result in a higher quality pool. Our tracks are created to enhance the installation process of not only the track, but also the liner, coping edge, and perimeter fiber optics.

Royal Swimming Pools offers coping to meet almost any need, from free-form pools to unique plastic step kits to milling for water features.

**Please Note:** Royal Swimming Pool's pools are designed for private residential use only. Make sure that you read, understand, and follow all safety information provided by the manufacturer, builder, installer, and contractor. Be sure all signage provided is clearly visible to all pool users. Please note that in some pools featured in this brochure the safety rope and floats have been removed for photographic purposes. The safety rope should be permanently secured at all times. Royal Swimming Pools does not manufacture slides, diving boards, or any other diving accessories. Any use of such equipment must be in strict compliance with the equipment manufacturer's specifications, The Association of Pool & Spa Professionals® (APSP) standards, and local building codes and regulations. Refer to [www.apsp.org](http://www.apsp.org) for more information.

This brochure is for illustrative purposes only. Royal Swimming Pools makes no representations other than as stated in its written warranties. Any other representations, statements, or contracts made by a dealer/builder/contractor regarding any material or product produced by Royal Swimming Pools or any of its subsidiaries are attributable only to that dealer/builder/contractor. The dealer/builder/contractor who sells or installs your pool is not an agent or employee of Royal Swimming Pools and has no authority to make any representations not included in Cardinal's written warranties.
